

# MENTOR CIRCLE

FPSA provides all members an opportunity to become a mentor, or to work with a mentor, to nurture professional growth.

A major reason people join associations is to connect with like-minded professionals and learn from one another. At times, talking with peers outside of your company can be very beneficial. FPSA has taken that idea one step further and created the Mentor Circle.

## What is the Mentor Circle?

### GROUP MENTORING

The Mentor Circles typically meet virtually in interactive small group sessions that provide ALL FPSA members, regardless of the stage in their career, the opportunity of mentorship.

### MENTOR CIRCLE TOPICS

Each Mentor Circle can choose to cover a variety of work-related topics, such as:

- Attributes of Success
- Company Culture
- Career Development
- Emotional Intelligence
- Time Management
- Work/Life Balance
- Conflict Resolution
- Succession Planning
- People Management
- Healthy Lifestyle
- Navigating Change
- And many more!

## How does the Mentor Circle work?

### MENTORS

Will interact with small groups via video conferencing. Meeting times, time frames, and topics will be chosen by the groups, with some ready-to-use material available. Mentors will receive initial training and ongoing support.

### MENTEES

Interacting in small groups, mentees will share experiences, challenges, and successes with the group and mentor. In addition, there will be opportunities for coaching, Q&As, etc.

*"Being a part of this program allows me to give back in ways I wished others had when I was preparing for the workforce... I hope to continue with this program and find even more growth within myself."*

**Carrie Zillman**  
(The Whiting-Turner Contracting Company)

*"Everyone has a different story, but we all have one common goal...to succeed and live a great life. I was able to learn from the mentees as much as they were learning from me."*
